

TF17PAR

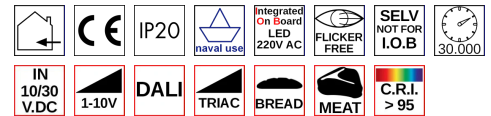

Complete with black anodized or painted aluminum heatsink and frosted screen for a better distribution of the light. Available with COB LED module powers of 25 and 40W complete with separate power supply, or with innovative LED IOB module in powers of 10, 20, and 30W. Suitable for our SKY LIGHT recessed series items, they fit perfectly into items produced by other companies, where PAR or AR111 lamps are mounted and there is sufficient recess depth.
